

# Epiphany

Huge brain dump so get prepared:

Plan:

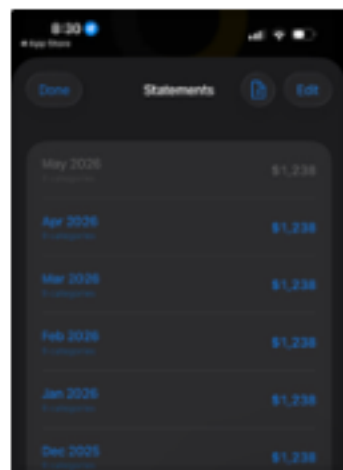

Don't finish all of this at once, organize by relevancy and ease of solution. Stash remaining tasks in roadmap.

--

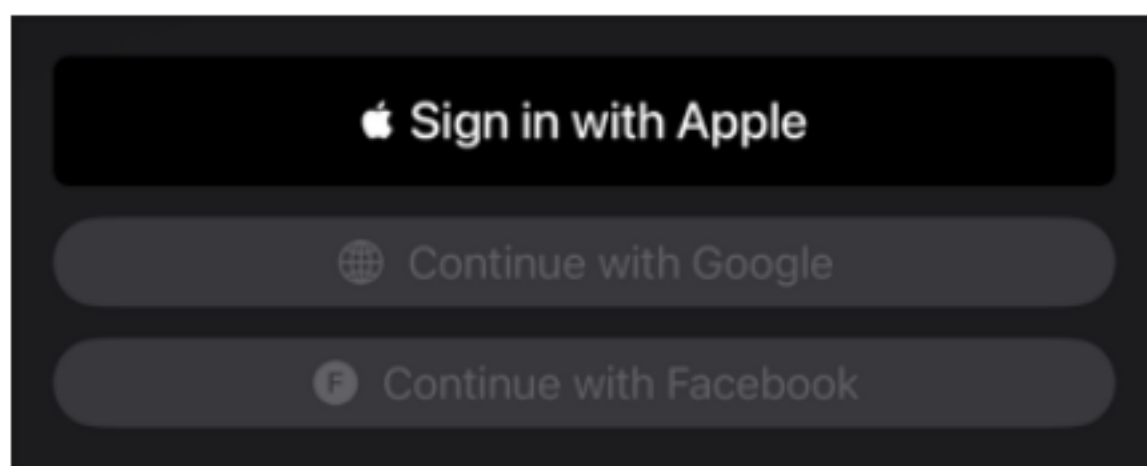

Epiphany release notes makes no sense

Epiphany

Why is our statements (monthly) showing grey for may? Lol.

These buttons do nothing in epiphany

—

—

Markets drawer for news is still choppy and not smooth. Should be closer to native iOS stocks app.

This might help?
